# Shaker Herbs.

---

Medicinal Herbs, Roots and Compounds were first prepared for the market by the United Society, (called Shakers) in Harvard, Mass.

From a small beginning prior to 1820, it has grown to an industry of large commercial importance.

These natural remedies have supplanted and retired from use the debilitating nostrums and mineral drugs, and have become the welcome friends in every household. Much of the success in this business is due to the intelligence and strict integrity of the late Simon T. Atherton, who for more than fifty years has maintained the justly deserved reputation of the genuine *Shaker Herbs*. His motto was "A good name is better than riches."

Prime new Hops in pound and half pound packages a specialty. Call for Shaker Herbs.

Also, Rosewater by the Gallon, distilled from Roses.

For sale by Wholesale Druggists in Boston, and by the Society.

JOHN WHITELEY,

Trustee.

*Presented by  
Louis C. Cornish  
Sept. 30, 1949*

## REDUCED PRICE LIST.

### A.

Common Names.	Per lb.
Aconite Leaves . . . . .	\$0.50
